Income Tax Nears Defeat

Norman Baker

(HIMSELF)

FUNNY—don't be too funny at your parties—Mrs. Ida Gussie, 43 years old, at Youngstown, Ohio, laughed so much at the party, she died of heart disease. Some say laugh and grow fat, but nature always does not work the same.

RESIDENTS WANTED—Aurora, Nev. was once a thriving little town, the people thought only of themselves—lost activity—got too selfish—did not take care of what they had—no doubt spent too much time looking outside their own city limits and now—Shorty Jorger, former mayor, left with his family, leaving George Mills as THE ONLY CITIZEN. He's lonesome and wants a neighbor.

Maharajah Jagannath Prasad Sinha, of Deo India, arrived in Benar on a tour—he brought his cook along with him—Central Hotel permitted him to have part of kitchen and there his meals were prepared from the hundreds of pounds of spices, roots and herbs he brought with him—varieties among them that were unknown to England or Germany.

NOT FISHING—but every time he tells his address to people they think he is trying to be funny and won't believe him—his name is Jay Partridge, lives at the Henn House, on Bird Street Oroville, Calif. He hunts quail and duck on Feather River just three blocks away from the Henn House. He doesn't CROW ABOUT HIS FOWL PUBLICITY.

FATE—Andrew Schafer of Red Bluff, Calif., ran his auto into William D. Williams' car, smashed it all to pieces—people rushed to the scene and the two men got out, clasped each other's hands, gave a hearty greeting—patted each on the shoulder—they were old friends and had not met for 20 years. It's wonderful what a little friendship will do.

LIVED 348 YEARS—Mrs. C. H. Jones, 80—of Cornwall Vt.—Mrs. Lucy Crane, 90, of Waybridge, Vt., went to visit their sister, Mrs. Elizabeth Jewett Sovell, at Lewiston, N. Y., to celebrate her 100th birthday—all three total 270 years. That won't happen again in America judging from the way this generation eats and permits cow pus to be injected into them.

H B. Whitney of Portland, Oregon, had a Parrot, kept him 87 years, parrot outlived Whitney, he left \$1,000 in his will to take care of the bird—EASY MONEY—PERHAPS—those old birds sometimes can cause a lot of fuss.

RAILROAD MEN—this fellow worked like you, on a railroad for 30 YEARS and has yet to have his first train ride—He is Thomas Smith, Syracuse, N. Y., and his work is taking care of the stalls in the roundhouse. He ought to get out and travel around a little—don't you think?

GOLDFISH JUDGE—A C. Hultes was locked in jail for being drunk—he pleaded to the judge that he was the sole tender of seven GOLDFISH that were dying at home of starvation—Judge released him. MORAL—Drunkards, raise goldfish and be kind to them.

OTHERS SMALLER THAN US—The Daily Bulletin of Tyron, N. C., is a daily newspaper only FIVE AND ONE-HALF INCHES BY EIGHT AND ONE-HALF. That's the world's record. That's about the size some newspaper fellows in Iowa had us pictured before the golden key was pressed.

DON'T grumble, ladies—especially about cooking—Mrs. Mitchell Sinclair of Paris makes 5,453 pies a year—she supplies two cafes. Some of you ladies with nothing to do could make good money baking home made pies.

FARMERS SEEK TO HAVE OWN VETERINARIANS

Ask That Agents of State Quit Cedar County

By a Staff Correspondent
TIPTON, Ia.—Opposition to the compulsory bovine T. B. test law of Iowa, which has been raging in Cedar county for the past five days, was halted, temporarily at least.

Tuesday afternoon some 1,500 farmers, at a mass meeting on the Fred Butterfield farm, agreed to proceed with the tests under certain conditions. The resolutions adopted by the farmers are as follows:

The Farmers Protective Association of Cedar County, Iowa, has agreed to proceed with the tuberculin testing of cattle on the basis of the following explicit understanding and agreement:

1—That we be permitted to use accredited veterinarians of our own choosing.

2—That all forces now engaged in testing cattle in Cedar county be immediately withdrawn.

Will Retain Convictions
3—That Governor Turner exert every effort toward bringing about a repeal of the Davis bill now pending before the Iowa legislature which would make the testing of cattle optional instead of compulsory.

We have entered this agreement because we are first of all peace loving American citizens, and we do not want, unless forced by further arbitrary confiscation of our property, to enter into controversy with the officers and young men of the state militia, who, we feel, do not understand our grievances. We want it clearly understood, however, that we will

American Killed By Mexican Bandits

WASHINGTON—(INS)—An American citizen, variously described as Neal Burrows, or Burrows or Burrons, employed by the Agula Oil Co., at El Plan, Mex., has been assassinated and the assassins have escaped, according to a telegram received by American Consul Leonard G. Dawson, at Vera Cruz, and relayed to the state department today.

The correct name of the man could not be ascertained. The body will be embalmed and taken to Hugo, Oila.

Farmer Sentenced On Liquor Charge

AMES, Ia.—(INS)—Furn Utley, Ames farmer, was sentenced to seven months in the county jail and fined \$300 today in municipal court.

Utley was arrested in a liquor raid on his home Sunday.

PROPOSE COLLEGE MERGER

OSKALOOSA, Ia.—(INS)—A merger of Buena Vista college of Storm Lake with Penn college is now under consideration, it was reported here today.

The WEATHER

man says

IOWA: Fair in northwest portion, with showers in south and extreme east portions. Somewhat cooler in central and west portions. Thursday fair with local cloudiness; cooler in extreme east portion.

ILLINOIS: Thursday partly cloudy, preceded by showers in east portion; cooler.

WISCONSIN: Thursday possibly local showers, cooler in central and west portions.

MISSOURI: Fairly cloudy tonight and Thursday, probably local showers or thunderstorms, except for Thursday in northwest portion; cooler tonight in extreme northwest portion; cooler Thursday, except in extreme northwest portion.

GENERAL FORECAST: Showers are likely in the eastern and extreme southern portions of the north-central states within the next 36 hours, with fair weather elsewhere. Temperature changes will be slight, as a rule. However, readings will be somewhat higher in most of the upper Great Lakes region and adjacent areas and lower in portions of the middle west.

Just because he's a good vaudeville partner is no token he'd make a good life partner, is the way Lita Grey Chaplin looks at rumors of her engagement to Will Osborne, orchestra leader.

She arrived in Chicago April 11 in company with the crooner, who is said to have caused a wide rift in her vaudeville partnership.

French former partner, to his engagement at a local theater, "Engaged to Osborne," she repeated, she descended at the Union station. "Why, I never saw him until about a week ago."

REBELS SLAY 11 AMERICANS

Situation Is Reported More Serious in Nicaragua

COLON, Panama.—(INS)—Reports of a serious situation at Puerto Cabezas on the east coast of Nicaragua continued to flow in here today, but United States navy officials maintained an attitude of strictest secrecy.

Intercepted radio messages from Bluefields contained unconfirmed reports that 11 Americans, 6 Britishers and two Panamanians had been killed battling insurgent outlaws in and near Puerto Cabezas.

Heavily armed forces were reported surrounding the town and neighboring farms, while marines and bluejackets from the U. S. S. Asheville were entrenched awaiting a threatened rebel attack.

The messages indicated the entire eastern area of Nicaragua was in revolt, the rebels being determined to "take Puerto Cabezas or die."

Various reports of American casualties were received here during the day. One unconfirmed report said an entire company of marines under Lieutenant Wood was wiped out yesterday at Wawa-boom, near Puerto Cabezas.

HEAVY DAMAGE

NEW ORLEANS, Ia.—(INS)—Eight Americans and an unknown number of British subjects have been slain by rebels near Puerto Cabezas, Nicaraguan officials of the Standard Fruit and Steamship company were informed by radio today.

Names of the slain Americans, all employees of the Standard company, were radioed here, but will not be given out until identification has been definitely established, it was said.

More than 300 other American employees of the company, who had been working in the rural districts where the eight were killed, have been rushed to Puerto Cabezas, now under the protection of the guns of the U. S. S. Asheville and a detachment of marines.

The Standard Fruit steamers, Cefalu and Wauna, are standing by at Puerto Cabezas to remove American citizens to safety.

The insurgents, believed to be led by a lieutenant of the Sandino forces, have conducted a series of attacks of American and British plantations and have inflicted heavy damage to properties of the Standard Fruit company. It was said. Natives have not been harmed by the rebels.

REHEARING OF CASE ASKED BY NORMAN BAKER

Petition Forwarded to State Supreme Court Today

The petition of Norman Baker for a rehearing of the injunction case appeal before the supreme court was forwarded to the office of the clerk of the high court today. The supreme court some time ago set May 5 as the date upon which oral argument will be heard on the petition. It is anticipated that the attorney general's office will file a resistance to the petition. Hanley and Hanley, J. F. Devitt and W. D. Randall are the attorneys filing the petition on Mr. Baker's behalf.

The petition points out many reasons for a re-hearing of the state's appeal, dwelling with particular emphasis on the position taken by the Supreme Court in its opinion, filed February 17 that the treatments at the hospital here were administered without the aid or direction of a licensed physician. Attention is called to the undisputed testimony of witnesses that there were always licensed physicians in charge of the administration of medicine and that many patients testified that the doctors prescribed for them.

Had Right to Sell
Stress is laid, in the petition, on the right given by statute to sell a proprietary remedy and that such selling is not practicing medicine within the meaning of the laws of Iowa. The position is taken by Mr. Baker's attorneys that Mr. Baker has a perfect right to own a secret remedy and to sell and advertise the same.

Section 2539 of the Code of 1927, specifies persons who are not engaged in the practice of medicine

Woodmansee Will Not Hang on Date Set for Execution

DES MOINES, Ia.—(INS)—It was believed today that execution of Dr. Fred Woodmansee, Des Moines dentist sentenced to be hanged April 17, would be delayed owing to an absence of a decision on a rehearing by the Iowa supreme court.

The supreme tribunal heard the petition for a rehearing a week ago. The law prevents the holding of an execution as long as the supreme court decision is pending.

As the case is one requiring a full bench and since Justice Wagner, Kindig, Evans and Grimm have left the city, it is thought that no decision will be handed down before the full bench meets again May 5.

Waterloo Strikers Return to Work

WATERLOO, Ia.—(INS)—Final arrangements with four crafts and a temporary contract with a fifth were reported signed at a meeting of the Master Builders' association today.

The sixth craft in the local labor dispute, the carpenters, were expected to sign a contract some time today, as negotiations having been completed and the men having gone back to their jobs.

Boy Crawls Under Train and Is Killed

RED OAK, Ia.—(INS)—Virgil Erickson, 8, of Red Oak, is dead here today as the result of the severance of both legs by the wheels of a freight car in the Creston switchyards. Virgil and a companion had crawled under the car this morning to get out of the rain. As they were crawling out, a switch engine coupled on to the string of cars. Erickson's legs were cut off close to the body.

Legislature Stops Clocks So Business May Be Completed

DES MOINES—(INS)—Time has been halted.

The big clocks above the doors in the Iowa house of representatives and senate are at a standstill. Theoretically it is 11:31 in the house, and three minutes later in the senate, and from now on until the end of the 44th general assembly time will not change in these two houses.

The clocks were stopped so that the two houses may, in theory, observe their own law that they adjourn sine die today at noon. No actual adjournment, however, will take place until they have finished the important business.

Farmers in Mass Meeting to Hear Peace Parley Report

(Free Press Photo)

This picture, taken Tuesday, shows part of the crowd which gathered at the Fred Butterfield farm, near Tipton, to listen to a report of the farmers' committee which discussed the cattle testing situation in Cedar county with Gov. Dan Turner, in Iowa City, Monday. The group decided to proceed with the testing if allowed to choose their own veterinarians, and if the governor would withdraw state officials, now actively engaged in making the tests, from Cedar county. The crowd was addressed from the hay rack by members of the committee. All newspaper reporters were barred from the meeting. A news reel cameraman later photographed the crowd and recorded a statement of the stand taken by the farmers, on a sound film.

The Free Press presents above an exclusive posed photograph of Curt Mitchell, around whose farm near Tipton the cow testing controversy has centered. Mr. Mitchell had been adamant in his refusal to be photographed, but finally was persuaded by a Free Press photographer.

DEFEAT PROBE OF MCFARLANE

Solon Tells House His Coal Dealings Are Illegal

DES MOINES, Ia.—(INS)—A decision whether the house of representatives 1- to investigate Lieut. Gov. Arch McFarlane was deferred today until the report the joint legislative committee on the University of Iowa is presented.

Rep. Byron G. Allen of Pocahontas, sub chairman of the university investigating committee, told members of the lower house that he expected the report to be ready some time late tonight or tomorrow morning.

It was the second attempt by house members to authorize an investigation of the Lieutenant Governor's affairs.

The motion this morning to defer action on the resolution asking for a probe was passed by a vote of 60 to 44.

Rutledge of Webster made the motion to postpone action. He is also the representative who severed the ties of war, marine and foreign affairs but accepted the remainder.

"Save Iowa" Is Plea
Donlon of Palo Alto county, made a long plea for passage of the resolution, which he and three other representatives had introduced.

"Join with us and save Iowa from a catastrophe," Gov. Turner should die," Donlon pleaded. "We are confronted with knowledge of these violations. If Dan Turner should die, Arch McFarlane would become governor. "Knowing his record we should

LAUNCH PROBE IN SEWER FIRE

Group Seeks to Fix Blame for Disaster Fatal to 11

CHICAGO—(INS)—A coroner's jury of experts today was unable to ascertain cause of yesterday's tunnel disaster in which eleven men were smothered to death and 45 others suffered injurious suffocation. An opinion that the catastrophe was a stroke of fate which nothing could prevent was advanced after the jury had made a tour of the smouldering sewer bore.

CHICAGO—(INS)—Inquiry to fix responsibility for the sanitary district tunnel disaster in which eleven men were killed and 54 others injured, got under way today.

Coroner Herman N. Bunsden and a jury of prominent business men were prepared to visit the scene of the disaster on Chicago's near south side today.

Besides seeking to fix the responsibility for the tragedy, the jury was to make recommendations for the prevention of such catastrophes in the future.

The jury will be accompanied by Edward J. Kelly, chief engineer, as general adviser.

Fests of Heroism
Thousands visited the death trap today where for fourteen hours Monday night and yesterday dramatic feats of heroism were performed as firemen risked and gave their lives in the stifling fumes to rescue sixteen persons.

Origin of the fire that swept the underground passage, located in the heart of Chicago's manufacturing district, was not brought out at the inquest held yesterday.

No testimony was introduced concerning the statement of a laborer that the fire got its start from a candle he took into the tunnel to repair leaks.

It was brought out at the inquest that more than 60 firemen were overcome by the stifling fumes.

Argentina Cabinet Resigns in Body

BUENOS AIRES—(INS)—The entire cabinet of provisional President Jose F. Uriburu submitted its resignation to the chief executive at 2:45 p. m. today.

President Uriburu is believed to have rejected the resignations of the ministers of war, marine and foreign affairs but accepted the remainder.

Royal Family to Reside in London, Report

By THOMAS A. LOAYZA

MADRID—(INS)—The royal family of Spain, exiled from its native land, the former republic, is expected to return to their native land, the former republic, by different routes from Madrid today to its secret rendezvous in a foreign country.

While Madrid and other Spanish cities carried on night-long rejoicing, cheering the republic and provisional President Alcala Zamora, Alfonso XIII boarded the warship Principe Alfonso at Cartagena and shortly after 8 a. m. sailed away to an unrevealed destination.

Queen Victoria and other members of the royal family, remaining at the palace for another night, bade a fond farewell to the head of the ancient house of Bourbon, whose dynasty crashed when the monarchy of fifteen centuries vanished with the proclamation of a republic. The gold pen with which Alfonso signed his abdication remained on the presidential desk.

May Go to London
The shouts and sounds of merry-making of republican celebrators reached the royal family's ears as the garden gates of the palace swung slowly back to allow passage for the motor car bearing the king and his oldest son into exile. Unobserved by the general public, the car sped by a devious route past the city limits and set off at a fast pace toward the south.

Presumably the royal refugees, reportedly well supplied with financial resources, will eventually gather in London. Although information on this point was meagre, it was indicated here that the queen would cross over into

SENATE MOVE TO GET ACTION IS DEFEATED

Many Verbal Clashes Mark Morning Session

By LOWELL M. PUCKETT
DES MOINES, Ia.—(INS)—Hopes for an income tax for Iowa grew weaker today when the senate voted down a motion by Senator H. B. Carroll of Davis county to dissolve the present conference committee and form another which would be instructed to report the income tax out for passage minus the county assessor rider, by a vote of 22 to 8.

The most uproarious session yet held in the senate took place as senators tried to shout one another down during a hot debate.

Many Clashes
Time after time McFarlane was forced to hammer for order as Fralley of Lee clashed with Clark of Linn and Patterson of Kosuth. Personal criticism was directed at senate members of the conference committee in a resolution drafted by house members and read on the floor of the senate. The house members accused certain senators of the committee of avoiding a vote and refusing to meet with the other members so as to report out a bill.

The roll call:
Those voting yes:
Anderson, Bissell, Carroll, Christopher, Clark of Cerro Gordo, Clark of Linn, Cuykendall, Doran, Gunderson, Hill, Knudson, Langfitt, Leonard, Lowe, MacDonald, Moen, Myers, Patterson, Quirk, Ritchie, Stanley, White.

Those voting no:
Baird, Beatty, Bennett, Benson, Blackford, Booth, Cardon, Clark of Marion, Clearman, Cochran, Cole, Cooley, Easley, Hegar, Hicklin, Ickis, Irwin, Kemp, Kimberlin, Klemme, McLeland, Rigby, Stevens, Stoddard, Tabor, Topping, Warner and Wilson.

"Political Blackmail"

"Let us call a spade a spade," said Cooney.

There has been a continuous effort to put the presiding officer of this senate over a barrel. It is nothing more or less than political blackmail."

Clark of Linn county pleaded with the senate to vote for Carroll's motion so that a record vote could be taken on the income tax project. "A negative vote on this motion is a vote against the income tax," declared Senator Clark. "The vote on this measure is to be a record of the stand of the senators on the proposed income tax. It is going to mark the oblivion of certain members," he declared.

Benson Denies Charge
Senator Hicklin of Louisa county asked Clark if a negative vote also meant a vote against the assessor bill. Clark made no direct answer.

Senator Patterson of Kosuth county, a member of the second conference committee of the income tax, indicated that Senator Benson of Clayton, who was also a member of the committee, had purposely not attended meetings in order to block the project. Benson hotly denied these allegations claiming that he was ill in bed.

Patterson then read from the records showing that Benson was present in the senate on the same question and that it was during this reading that the worst hubbub occurred.

Fralley and Patterson were both trying to talk at once while senators from over the chamber interrupted with pertinent remarks.

Patterson finally shouted loudly enough to make himself heard above the uproar long enough to declare:

"I don't care whether you howl me down or not—this is not going

Surgeon Starts New Suit to Win Back Famed Giant Son

LOS ANGELES—(INS)—Another legal battle for custody of Adolphe Rooms, Jr., the so-called giant boy, loomed today as his father sought complete custody of his son.

The boy's father, a surgeon, and his mother, a trained nurse, recently engaged in a court tilt when the boy's father sought to curb his growth through medical treatment. The boy is 14 years old, weighs 225 pounds and is six feet tall. His mother, who is estranged from her husband, objected to the boy being subjected to these treatments.

Mrs. Sauer to Attend State W.B.A. Meet

Mrs. Otto Sauer was elected delegate to the Women's Benefit Association state convention to be held in Des Moines Tuesday, April 21, when the local group met Tuesday night at Macabee hall.

For the past two days members of the district including Muscatine, Clinton, Davenport, and Iowa City have been holding a convention here. On Monday Dr. Annie E. Reynolds, assistant supreme medical examiner of Port Huron, Mich. conducted a free clinic for members of the organization at the Hotel Muscatine.

Tuesday noon a luncheon was held at the Y. W. C. A. as a courtesy to Dr. Reynolds and Mrs. Ella Mark Lee, superior regional director of Boone, Ia. The guests of honor gave toasts and a social hour was enjoyed.

In the evening members and friends of the organization met at Macabee hall. The two visitors again spoke to the group.

Dr. Reynolds and Mrs. Lee left this morning for Des Moines where they will remain until the state convention next Tuesday is adjourned. At the session then delegates will be elected to attend the supreme convention to be held in July at Chicago.

Guild Has Meeting Tuesday Night

The Young Women's Guild of the First Presbyterian church met Tuesday evening in the church parlors for a work and social meeting.

Plans were made for a food sale to be held at the Butz store April 25. The committee appointed to take charge of the sale includes: Mrs. M. F. Oldenburg, Mrs. Will Connelley, Miss Kate Funk and Miss Nellie Reuling.

After the business meeting refreshments were served by the following group: Mrs. J. J. Legler, Mrs. Harry Lee, Mrs. Frank McCoy, Mrs. Herbert Lee, Mrs. Karl Michaels, Mrs. Joseph Kessel, Mrs. J. M. Brockway and Miss Hilda Michaels.

The guild will convene again May 12.

M. W. Club Has Dinner Party

Members of the Merry Widow club of the Royal Neighbors of America entertained at a dinner Tuesday evening in honor of Mrs. W. H. Wollett. The occasion was her birthday anniversary and the party was held at the Wollett home, 511 East Eleventh street. After the dinner a social time was enjoyed.

Mrs. Frizzell Is Hostess

Mrs. John Frizzell entertained members of the Low Run Kooking-club at her home on Route 5 this afternoon. Mrs. Robert Martin assisted the hostess. After an informal afternoon refreshments were enjoyed.

Women Will Meet At Parish Hall

The Zion Lutheran Ladies' Aid will meet in regular session Thursday afternoon at the parish hall. All members are urged to attend. Hostesses for the meeting will be: Mrs. Henry Boldt and Mrs. W. A. Frack.

LUNCHEON: Oyster Patties, Green Peas, Parker House Rolls, Peanut Cookies, Tea.

DINNER: Consomme, Chicken Loaf, Mushroom Sauce, Cranberry Jelly, Stuffed Celery, Baked Stuffed Potatoes, Apple Pumpkins, Lemon Sauce, Lettuce Hearts, Russian Dressing, Strawberry Shortcake, Coffee.

Bran Muffins
One-fourth cup sugar, 1 tablespoon lard, melted; 1 egg, mix until creamy, then add 1-4 cup boiling water and 1 cup sweet milk; then add 1 cup bran, 1 cup flour, 1 teaspoon salt and 2 teaspoons baking powder. Bake in a hot oven about 15 minutes.

Celery On Toast
Serve like asparagus. Cook in boiling water until tender, then lay on slices of toast with butter, pepper and salt or dress with regular white sauce.

Plum Pudding
Pour one cup milk over 1 cup sifted soft bread crumbs and add beaten yolks of 4 eggs. Mix 1 cup brown sugar with 1 cup flour, 1-2 pound currants, 1-2 cup broken nut meats, 1-2 cup finely-cut dates, 1-4 cup each of finely cut citron and candied orange peel. 1 teaspoon each of salt, cinnamon, nutmeg and cloves and 1-2 teaspoon maple. Combine the two mixtures, stir in a cup flour and finally fold in the stiffly-beaten egg whites. Turn into a buttered mold, steam steadily for four hours and serve with liquid sauce.

Peanut Cookies
Cream 2 tablespoons butter with 1 cup sugar, then add 3 beaten eggs, 2 tablespoons milk, 1-2 teaspoon salt and 1 pint finely chopped peanuts and beat thoroughly. Add enough sifted flour to make a soft dough, roll very thin, place a

Flying Faces Bear Resemblance

Persons who attended dinner last week given by famous flyers for Dr. James H. Kimball, noted meteorologist in New York, saw a remarkable resemblance between the profiles of Col. Charles A. New Fashion Plaids Arrive

By ALICE LANGELEIR

PARIS—(INS)—The Campbells are coming to Paris. In fact they're already arrived. The Campbells, the Stuarts and the Olgives, and all the rest of the Scottish clans. Little French midnights as well as very chic women are sporting hosiery, scarves, jackets and whole costumes of Scotch plaids which look extremely fresh and bright under the early spring sun.

The Paris designers are using their plaids with the hands of artists and have proved that a short plaid pocket on a plain frock slightly trimmed with plaid, or vice versa, can look very chic on the right figure.

Joanne Lanvin is showing a lovely one-piece plaid frock of green, blue and red foudlard, with a girle of self-material that ties in a knot at the right side and is flared by a pleated ruffle from just above the knees. It is worn with a dark blue paper panama hat, dark blue gloves and shoes.

Frocks of this sort will be much worn this spring with separate sleeves coat of blue wool. The dress is belted with navy-blue leather and has navy-blue buttons below the neckline in front. An ascot scarf matches the dress and there is no collar on the coat, only a round decollete trimmed with a stitched band of the material.

Plaid georgette makes dainty blouses for wear with tailcoats and a number of houses are showing plaid chiffon for evening wear.

The number of radio receiving licenses in New Zealand has increased to nearly 45,000.

Bridge-Auction and Contract

By the Authority MILTON C. WORK

Hold-ups

If the above hand had been played at Auction Bridge, South's one No Trump would have been the only bid.

But at Contract Bridge South bid two No Trumps. His hand had a No Trump count of 19—all that an original two No Trump bid requires with stoppers in three suits. North's three No Trumps closed the bidding.

West led the Seven of Spades which brought the Jack, King and Ace from the other three hands. South's first Club lead was won by East's King and the Six of Spades returned. South played the Five, but West overtook with the Seven and forced out South's Queen. The prayer that went with Declarer's lead of a Club—that the Ace might be with East—was not answered, and West gaily went down the line with his Spades. The total damages were five tricks in Spades and two plain chifon for evening wear.

Would you have made game on this hand?

The Correct Play

Many good players who always hold up their Ace when it is their only stopper in the suit opened against them in No Trump, unhesitatingly play their first of two stoppers on the first trick, even when the opening lead suggests the possibility of a six-card suit in the opener's hand and the first hold-up is just as important as the second.

If East's Spade holding had been a fine singleton, the hold-up would have made it necessary for West to have three re-entries in order to bring in his suit. With East's holding a doubleton as in this hand, West needs two re-entries if South ducks the first trick. With the Spade held up once, East, when he gets in with the King of Clubs, has no more Spades and naturally leads the King of Hearts, South wins and, with the high Spade still in his own hand, is quite willing to give West his Ace of Clubs. But West's Spades are now worthless and game cannot be stopped. All West can

Women Leaders Exchange Kisses To Unite Nations

BERLIN—(INS)—A symbolic sister kiss, intended to unite two big nations, France and Germany, was exchanged before an overcrowded audience at the Hotel Esplanade here between two prominent, charming, clever and beautiful representatives of these nations.

Frau Henny Porten, German film star of the "Gretchen" type, tall, blonde, with abundant plaits of hair arranged in a big knot, made a speech about the progress which German women were making in all professions, and about the hard battle they have to fight for their independence, because of the bad business situation in Germany.

"Here in Germany as well as in France, woman has become an authority which cannot be disregarded any more," she said. "I believe, therefore, if all French and all German women would wish with all their hearts to establish an everlasting peace and friendship between two nations, the men would be compelled to shake hands and to become friends, too."

In an interview with International News Service, Frau Porten added: "The idea of a union between Germany and France is not new to me. But now, since the 'Society of Franco-German Understanding' has invited me to lecture at this party, I occupied myself with this problem, and I will never stop to proclaim this friendship."

"Being a film actress and knowing too little of politics, I cannot say whether America in particular could or should help Germany in this direction." But it is my conviction that one ought to travel all over the world and to preach

The idea of peace and friendship between all nations."

The French speaker, Mile Madeleine Misard, who is one of the better-known of 300 woman-lawyers practicing in France, informed the audience of the progress which French women especially those trained at Universities and Academies, have made since the war.

"The woman-engineer, the girl-chemist, the woman-editor, architect, and physician, 'they' are all esteemed and have succeeded to win the confidence of the public," she said. "There is even one girl who is a high official in the diplomatic service at the Quai d'Orsay."

"But," Mile Misard said with regret, "there is so far no French woman-ambassador in any foreign country."

"It is the ambition of French girls to show that they are not only as efficient as men, but can do even better work than men because of woman's innate exactitude, industry and sense of duty," she asserted.

"The married woman, however," Mile Misard concluded, "who has children and whose task of attending to the children and the household is sufficient to keep her busy, should not be compelled to work outside of the home. Men should be freed of responsibility for their families."

Local Women Go To Burlington

A local delegation from the Woodbine camp of the Royal Neighbors are in Burlington today where they are the guests of the Burlington camp. A dinner will be served at 6:30 followed by a program. The Muscatine women have prepared a stunt for the occasion.

Advice to Husband Who Gives Too Much Advice

M. L. I have no doubt that your intentions are good and that you really mean to help your pretty little wife, but do try to be tactful in your criticism.

You say that you know what she ought to wear, and how she ought to act, and that in nine cases out of ten, she admits this herself, and is grateful for your advice. Because you have introduced her to your criticism, to a circle of people whose ways and manners are different from hers.

But you'll make her a sensitive shrinking little plant, if you're not careful. Furthermore, you'll make her resentful, sharp-tongued shrew. Any woman will stand just so much loving tender help from her husband, and then her pride begins to assert herself and she demands: "Who on earth does he think he is, that he can tell me five times a day what I'm doing wrong, and what I ought to do to improve myself? Why when I was younger I had half a dozen beaux, and lots of them were just as grand as he thinks he is, and they never dared to criticize me."

Having worked herself into a state of righteous indignation, the young wife proceeds to place a large chip on her shoulder where it remains balanced insecurely until the next battle. Each time a fresh criticism is uttered, the resentful recipient thinks up fresh ways of combating offered help.

Until at last she takes positive pleasure in thwarting the attempts of her well-meaning but tactless mate. Even though she knows it might do her good to follow his advice, her pride once aroused will not permit her to accept offers of assistance.

It looks as if you'd worked your way into a state of mind that now she is quite ready to go into battle at your faintest suggestion.

A HUSBAND AT HER HEELS

By MILDRED BARBOUR

Conclusion

Celia awakes the following morning with a curious thought in her mind.

"Why, I don't want to marry Tom, after all. I don't want to marry him. How could I ever have wanted to?" She was appalled at her own state of mind, at what she called her fickleness. "I've outgrown him," she thought. "While I've been living and suffering, Tom has remained a pampered boy, playing polo and golf and tennis, dancing and going to dull dinners. I'd die, if I had to live with him."

She cried a little over her lost illusions, and she spared him an interview by writing a note that was as sweet and generous as she could make it, but none the less definitely rejecting his proposal of marriage.

Gwen came in and wandered restlessly around the living-room. Finally Celia said:

"What on earth has happened to you?"

Gwen said: "Swear you won't laugh?"

"Then listen." Gwen turned her head away, but Celia could see a reddening cheek. "Larry came to me last night and said: 'Gwen, I never knew what you meant to me until all this dreadful thing happened. You must care a little, or you wouldn't have stood by me when every one else was against me. I'll be on my knees to you always, in admiration and adoration.'"

Gwen laughed awkwardly. "How silly of me to tell you all this, but—well, Celia, we're going to be married. I have a right to marry whom I please, and the cats can babble all they like about my having got him solely because I went to his aid when he was in trouble."

Celia went to her and kissed her. "You're going to be very happy. I know it. Larry is a dear, and it's really you he's cared for all along. Only he was afraid to tell you so, because you're so much and he has so little."

Gwen laughed. "I'm going to forget the past and try to believe that."

Celia busied herself with preparations for the California trip. It amused her to see how thoroughly she had been reinstated in the town's good graces. Vail had done his work well. She was now considered the innocent victim of two unscrupulous men—Vail and Falconer.

"One late!" she thought. "Somehow I can't care any more! I wonder what is the matter with me?"

Several days before the time for departure, she remembered the cupboard in which she had stowed away all the supposed love-letters of an absent husband—the letters Annesley had sent her. She thought: "I must destroy them before I leave."

She opened the little cupboard and took out the large packet. It caused her a wry smile as she tore envelop after envelop into bits, remembering the little cupid and the others. Not blank, that Annesley had copied in his own hand at her bidding. When she came to the envelopes postmarked "Alaska"—the ones that had caused her such panic, with Falconer in the house—she looked them over musingly, remembering how she had rushed for the mail each morning. The inclosures were blank, and she tore them up, one by one.

But, when she opened the last envelop, Annesley's handwriting met her gaze.

"Why?" she thought, "he actually wrote me one letter, after all. And I believed he had forgotten our friendship."

She drew out the sheet of paper and at the first words her eyes began to widen with amazement: "You will never receive this letter, my darling. It is written in a moment when my heart calls for you. I have just prepared an envelop to send you—the usual blank sheets of paper, and I cannot resist pretending to myself that I have the right to tell you of my love. I am sitting here in a bleak northern night, with wind and storm raging outside, and I am trying to imagine that you are mine. Oh, Celia, if you were mine; if I dared tell you that I love you, would you have just prepared an envelop to send you the usual blank sheets of paper, and I cannot resist pretending to myself that I have the right to tell you of my love. RUTH GETS FIRST HOMER AS YANKS BEAT RED SOX

BAMBINO ALSO STEALS A BASE TO SHOW FORM

Macks Beat Senators In Eleventh; Cubs Trim Pirates

By COPELAND C. BURG
INS Sports Writer

NEW YORK.—(INS)—Of course the man has a remarkable physique, a natural flair for the thing, and undoubtedly he is one of the greatest ball players of all time, but what he admitted today about Babe Ruth was his undying nerve.

Just a few hours after they kicked the king of Spain off his throne and it looked almost enough for all royalty, this emperor of swat popped out of the Yankee dugout and upheld the ancient traditions of his house so nobly that there still seemed left an argument or two on behalf of the divine right of kings. When he picked up his royal scepter and strode to the plate before those 70,000 opening day fans it was not difficult to imagine every fan was a tree and here we were right out in the forest primeval with the great Babe March of all he surveyed.

Babe Gets Homer

Then when he cracked that home run, one, vintage 1931, the Yankee beat the Boston Red Sox 6 to 3, it appeared certain he could wrap about him his royal robes of purple and quite safely dust off the old emine for many a year to come. They said his legs had gone Republican and that faint rumors of revolt had been heard from his knees down. Then, too, a revolutionary bulge was reported near his belt line and his eyes it was under stood, had a distinct tinge of red. Indeed, dispatches from the training camp sector, indicated it was high time to call out the rines and do some situation-well-in-hand business. But 37-year-old George answered with a kindly edict in stealing a base in the first inning and then proclaimed louder and more firmly with a bourbon-like thrust for the fourscore in the seventh as he clumped on a strict censorship.

Age Will Tell!

But age will tell! Old John Pius Quinn became two early in the afternoon and two other fellows who followed him were feeble also, the gallant Robins of Brooklyn fluttering out 7 to 4 in the opener at Boston.

Coming from behind just like they did in a majority of their victories last season, the champion Athletics snatched it 5 to 3 from Washington. The A's won so cleanly and diplomatically and waited until President Hoover departed before they turned loose on the Senators. Cochrane, Simmons and Fox finally hit their stride and the A's took it in the eleventh inning. Wesley Ferrell, a grand pitcher, got a swell start by holding the White Sox to eight hits and Cleveland won, 5 to 4.

Stewart pitched nicely and the Browns of St. Louis backed him up with good ball to witness the collapse of the Detroit Tigers, 7 to 3.

Ott's homer in the ninth won for the Giants 9 to over the Phillies. Larry Benton's blowup gave the St. Louis Cardinals a 7 to 3 victory over the Cincy Reds and Sakal Hartnett homered in a 6 to 2 routing of the Pirates by the Chicago Cubs.

GOOD FIELD IN DRAKE SPRINTS

Big Classic Attracts Stars to Battle For Supremacy

DES MOINES, Ia.—(INS)—A wide open battle for the sprint supremacy in the Drake relays here April 24 and 25 is attracting one of the most evenly matched fields of 100-yard dash specialists ever assembled in the middle western class.

Every so often the dash event is featured by the appearance of an outstanding performer whose supremacy is conceded before the race. This year not a man in the field will concede anything to any other man in the field.

The class of the field is expected to be as great as ever but a larger number of men have an even chance of finishing in front.

Eddie Tolan Entered

Eddie Tolan, Michigan's great negro sprinter who once held the world's record for the century, will be on hand. In early season performances this year Tolan won the 75-yard dash at the Illinois indoor meet and equaled George Simpson's record in finishing first in the dash in the Big Ten indoor meet.

Haas, the Minnesota star, will be here and he is burning up the track this year. At the recent Rice relays he broke the meet record by running the 100 in 9.6-10 seconds, shattering the former mark held by Claude Bracey of Rice. Haas finished second in the dash at the Texas relays and placed well up in both the Big Ten and Illinois indoor meets.

Glass in Field

Glass, the Oklahoma Aggie sensation who equaled the world's record at the Texas relays when he was clocked in 9.5-10 seconds, will be included in the field. He barely nosed out Haas of Minnesota at that race. Glass showed in Des Moines once this season, winning the 50-yard sprint in the Missouri valley indoor meet.

Sickle, the Kansas speed king, is another strong contender. Sickle won the Big Six indoor sprint championship this year, finished second to Haas of Minnesota when the latter broke the meet record at the Rice relays, won second place in the Kansas City athletic club indoor sprint and pushed Tolan of Michigan all the way in the Illinois indoor dash.

McCormick a Newcomer

McCormick, a newcomer who has fallen heir to Jack Elder's speedy spikes at Notre Dame, tied the world's record for 60 yards in winning the dash in the central intercollegiate indoor meet.

Over at Detroit university old Dad Bury is nursing along a new sprinter and he will have to be reckoned with. His name is O'Neill. His coach confidently expects him to develop into America's greatest sprinter before his college days are over. This will be Neil's initial appearance in the Drake games.

Outstanding sprinters are abundant in the middle west this year. Any one of a dozen or more speed kings who will race at Drake may outrun the stars listed above.

Many Other Stars

In this group comes Campbell of Michigan, East of Chicago, Smutney of Nebraska, Kinner of Kansas, Lee of Nebraska, Smith of Drake, Wise of Creighton, Alexander of Grinnell, Henke of Wisconsin, Ford of Northwestern, Willis of Iowa State, Conway of Iowa, and Elwell of the Kansas Aggies. Everyone of these men has won points in at least one major meet during the current season.

Cy Leland of Texas Christian university, who won the 100 yard dash in the Drake games last year, has dropped out of competition. Claude Bracey of Rice, second last year, has completed his career. Tolan of Michigan finished third in the dash last year. Haas of Minnesota was fifth.

GOOD FIELD IN DRAKE SPRINTS

Big Classic Attracts Stars to Battle For Supremacy

DES MOINES, Ia.—(INS)—A wide open battle for the sprint supremacy in the Drake relays here April 24 and 25 is attracting one of the most evenly matched fields of 100-yard dash specialists ever assembled in the middle western class.

Every so often the dash event is featured by the appearance of an outstanding performer whose supremacy is conceded before the race. This year not a man in the field will concede anything to any other man in the field.

The class of the field is expected to be as great as ever but a larger number of men have an even chance of finishing in front.

Eddie Tolan Entered

Eddie Tolan, Michigan's great negro sprinter who once held the world's record for the century, will be on hand. In early season performances this year Tolan won the 75-yard dash at the Illinois indoor meet and equaled George Simpson's record in finishing first in the dash in the Big Ten indoor meet.

Haas, the Minnesota star, will be here and he is burning up the track this year. At the recent Rice relays he broke the meet record by running the 100 in 9.6-10 seconds, shattering the former mark held by Claude Bracey of Rice. Haas finished second in the dash at the Texas relays and placed well up in both the Big Ten and Illinois indoor meets.

Glass in Field

Glass, the Oklahoma Aggie sensation who equaled the world's record at the Texas relays when he was clocked in 9.5-10 seconds, will be included in the field. He barely nosed out Haas of Minnesota at that race. Glass showed in Des Moines once this season, winning the 50-yard sprint in the Missouri valley indoor meet.

Sickle, the Kansas speed king, is another strong contender. Sickle won the Big Six indoor sprint championship this year, finished second to Haas of Minnesota when the latter broke the meet record at the Rice relays, won second place in the Kansas City athletic club indoor sprint and pushed Tolan of Michigan all the way in the Illinois indoor dash.

McCormick a Newcomer

DEMPESEYS BOTH GOING TO FILE FOR A DIVORCE

Estelle to File Suit at Los Angeles; Jack At Reno

HOLLYWOOD, Cal.—(INS)—Estelle Taylor, film actress and wife of Jack Dempsey, former heavyweight champion, today took the aggressive in their threatened "battle of divorces."

Dempsey, now at Reno, has announced his intention of filing a divorce complaint after he has resided six weeks in Nevada, at which time he will have become a citizen of the state legally and eligible to file suit.

His wife, however, is expected to file her suit in Los Angeles within the next few days. She conferred with her attorney, Joseph Scott last night and instructed him to communicate her intentions to Dempsey at once.

Letter Expected Today

It was expected that Scott would send Dempsey a letter by air mail today informing him of the proposed action. He will be told, it is stated, that his wife desires to obtain a divorce with as little sensationalism as possible, and he will be asked to have his attorney get in touch with his wife's lawyer.

If the court calendar permitted, Miss Taylor could secure her divorce here within a few days. It would be an interlocutory decree and would not become final until a year later. Although Dempsey would have to wait at least six weeks before he could file his complaint, the divorce, when granted in Nevada, is final.

Estelle's Through

Although Miss Taylor's attorney had previously stated that "things might be patched up" if Dempsey returned home in "a repentant mood," the present attitude of the film actress would seem to be in contradiction to her lawyer's statement.

Asked what she would do if Dempsey returned, Miss Taylor replied:

"What would I do if he should change his mind and come home? You know what I would do, especially with him saying I caused all the trouble."

"I am told that Jack blames me for stories concerning him and that he knows nothing about them and have never made any observations about him. My whole instinct is to fight for Jack rather than against him."

Not Happy Now

RENO, Nev.—Jack Dempsey, former heavyweight boxing champion, is in Reno for a divorce. Dempsey admitted that he planned to start suit against his wife, Estelle Taylor, motion picture actress. He declared she had put her career above home life and this had wrecked marital happiness.

"I have not heard from Estelle since I left Los Angeles on March 11," Dempsey said. "I took my clothes and personal belongings and said farewell at her request. It was she who said 'we are through.'"

When they married, he said, it was agreed Estelle would continue acting as long as he actively engaged in fighting. When he quit the ring she was to quit the films. He said Estelle refused to do this and for the last two years they practically had been separated.

JACK THOMPSON BEATS FREEMAN IN TITLE BOUT

Colored Boxer Wins Crown Back With Technical K. O.

CLEVELAND, O.—(INS)—Jack Thompson, of California, today held the distinction of being one of the few "two-time" champions in ring history by virtue of his slashing victory over the titleholder, Tommy Freeman, Cleveland, last night.

The flinx that has trailed the last four welterweight champions settled in Freeman's left eye and the bristly-haired Clevelandan passed his title back to the colored boy from whom he won it last September.

Because his left eye was badly mangled, Freeman could not come out for the twelfth round and Referee Davis, upon the advice of Freeman's seconds, walked over and raised the colored boy's hand.

Thompson was leading on points when the old champion resigned, but there was not much doubt that the 147-pound laurels would rest on Jack's head when the fifteen rounds were over.

Thompson began working on Freeman's eye in the fifth round, when he crossed a right hand that started the blood flowing and also started the eye to swell. By the seventh round, the eye was swollen by a vicious right uppercut, a punch for which Thompson is famous.

Freeman came back, however, and held the colored boy about even in the eighth, his best round in the fight. He sent Thompson reeling with the result he was unable to appear for the following round.

Thompson was presented with the gold belt awarded by the N. B. A., through its president Gen. John V. Cimini, who announced the association would recognize Thompson as the champion.

The bout was attended by 8,740. The receipts were \$46,807.50, of which Freeman will get \$21,905.53, and Thompson \$4,381.10.

Four Old Reliables Show Youngsters How It's Done

CHANGES MADE IN BIRD LAWS

Amended Regulations Mailed to County Recorder Here

Copies of the new United States regulations showing changes in the migratory bird laws, effective on much spring practice probably is causing other batmen to ponder long and deeply today on the alleged advantages of the spring training camp grind.

Root Gets Great

The inaugural day feats of Root, Grove and Ruth gave a rosy tint to the pennant prospects to their respective clubs. Root's injury late last season cost the Cubs the National League pennant. By holding Pittsburgh to four hits yesterday, he served notice that he is prepared to shoulder a large part of the burden in Chicago's drive for the flag this year.

Ruth in Shape

Ruth's base running yesterday was as encouraging as his home run, for in stealing a base the 37-year-old marvel showed he is in shape for the 154-game grind.

The season will be a success for Tom Winsett, Red Sox rookie outfielder, if he fails to get another hit all year. Put into the Sox-Yankee game as a pinch hitter, "Long Tom" duplicated Gordon Slade's feat of last year when he hit a home run in his first at bat in a major league game.

Other rookies who did well were Buzz Arlett of the Phils, Johnny Vergez of the Giants, Gerardo Walker of Detroit, and Levey and Betencourt of the Browns. Each collected two hits.

Eddie Phillips, Pirate catcher, is used to crowds. As a college star with Boston College he caught a game played with Holy Cross, which attracted 40,000 fans.

Waite Hoyt, Tiger pitcher, and Jonah Goldman, Indian shortstop, got their start at the same place, Erasmus high school, Brooklyn.

John Engel, Lehigh batmanweight, is the first easterner to ever win a championship in the National Collegiate Wrestling Association.

CUBS SEE MARK IN ATTENDANCE

Veck Predicts Club Will Win Pennant And Set Record

CHICAGO.—(INS)—While the Cubs today went out to continue their pennant drive, box office officials set out on a campaign of their own—to set a league record for paid attendance this year.

The mark at which they're shooting is approximately a million and a half, and if the Cubs stick up on top in the National league fight, President Bill Veck hopes to have some fancy attendance figures to give out next fall.

In 1929, the Cubs failed by only 15,000 to set the desired mark.

"This year the schedule is in our favor," said President Veck. "With the Fourth of July and Memorial day games at home. We have a better balanced team this year and we're going to win the flag and with it the attendance record in the National league."

Mike McNally, former Yankee, has been a manager in the NYP league three years—two pennants and one second place.

Center field has been cut down 62 feet by the addition of stands in the Dodgers' Brooklyn park.

Trip Sigan who failed with the Phillies last year has also failed to make a regular job with Baltimore and will be sent to a lower class league.

Claude Willoughby, Pirate pitcher, worked in 210 games in the five years he was with the Phillies.

PICK MAY JURY FOR LONE TREE

Auditor Sulek Names 85 for Petit Panel Next Month

LONE TREE.—Eighty-five names for petit jurors for the month of May were drawn Thursday morning at the office of the clerk of district court.

Drawings were made by County Auditor Ed Sulek, County Recorder J. M. Kadlec and County Clerk Walter J. Berron. Those from Fremont township were Laura Alexander, Mrs. Merle Brown, Fred Lenz and C. L. McGuire.

Roscoe Pike was drawn from Lincoln township. The remaining 80 were from other townships in Johnson county.

Mrs. Henry Wellendorf and son Rupert of Preston were Friday night guests at the E. C. Wolford home. They returned here Saturday.

Beulah and Genieve Musser, who a short time ago purchased the beauty parlor from Mable Shelly at North English, were Sunday guests of their parents, Mr. and Mrs. J. R. Musser.

A schedule of township farm bureau meetings for 1931 for Fremont township was drawn up this week as follows:

May 19 at Center school, 8 p. m. Program: Miss Gerner, committee; Mr. and Mrs. C. E. Warbach and Mr. and Mrs. Emora Attig.

Sept. 15 at Center school, 8 p. m. Program: Miss Gerner, committee; Mr. and Mrs. Emora Attig.

Nov. 17 at L. E. Brinkmeyer's home, 7:45 p. m. program to be announced later. Committee: F. H. Lenz and Clarence Kranz.

Mr. and Mrs. Harry Cronworth of Sigourney were the guests Sunday at the Kirchner and Constant homes.

The Jolly farm girls 4-H club held its meeting in the Domestic Science room of the Lone Tree school Friday afternoon, April 10.

Roll Call was answered by a rendition of "Something Beautiful I Saw."

Nine members and the leaders, Mrs. L. E. Brinkmeyer, Mrs. Otto Joens and Mrs. Amel Meyers, co-chairman were present. A talk was given by Helen Hinkley on "Care of the Hair," and a song by the "Gleaners" painted by the French artist Millet was given by Emma Shonberg.

A lesson on rugs was given by the leaders.

At the next meeting hooked rugs will be discussed. It will be held at the school building April 17, at 3:15. All prospective members welcome to attend.

Miss Myrtle Larson of Iowa City was a Friday evening guest at the home of Mrs. J. D. Musser.

Mr. and Mrs. Hugh Boyd and sons of Washington visited Sunday at the parental home W. W. Horrel.

Mr. and Mrs. Theodore Schaapveld and family of West Liberty were Sunday guests of Mrs. Adelia Schaapveld and son Howard.

Willis Musser, cashier in the bank at Walford, spent Sunday with his family.

Mr. and Mrs. John Shalla, Mr. and Mrs. Ed Connor and Mrs. Burt of Washington were entertained Sunday at the W. H. Stone-larger home.

Pipe Line Workers Crowd Taylor Ridge

TAYLOR RIDGE, Ill.—(Special)—Flat cars heavily loaded with huge pipes to be used in constructing the Texas to Chicago natural gas pipe, have arrived in the railroad yards here. More than 150 cars are now waiting to be unloaded, one-third of which will be taken off at the station. The work is expected to be completed about July 1.

The village rooming houses are crowded with the workers and all available rooms have been taken up. Many of the married men engaged in the work have brought their families with them.

Many motor trucks made the journey overland from Oklahoma, one of the drivers falling asleep and wrecking his machine. He was taken to the Moline city hospital with serious injuries. Another of the workers suffered a broken leg while at work Friday and was taken to the Lutheran hospital at Moline.

A drama "The Gift" was presented Sunday evening at the Methodist church.

Betty Westphal, 6-year-old daughter of Mr. and Mrs. Roy Westphal underwent an operation for appendicitis at the Lutheran hospital at Moline.

Edgington People Prevent Bad Fire By Quick Action

EDGINGTON, Ia.—(Special)—Quick work on the part of Mrs. George Poppe and her son, Eldon, prevented serious fire damage to the home of Marquis Crawford here Saturday.

Mrs. Poppe and Eldon were passing their home about 9 a. m. Saturday and Eldon saw a small blaze on the roof, caused by chimney sparks. They ran into the house and warned the occupants. Mrs. Crawford's parents, Mr. and Mrs. James Gaston of Moline, were staying at the house at the time.

There was no ladder available, so Mr. Gaston climbed to the porch and Mrs. Crawford carried water to him, which he threw on the blaze with a cup. The fire was kept from spreading until help came.

Mrs. Myerson at the Taylor Ridge telephone spread the alarm and men arrived with fire extinguishers to put out the fire. The Reynolds fire department arrived, but the fire had been put out. There was small damage to the roof.

A program will be met Friday evening at the Burkha school house. The program will be given by teachers, pupils, and officers.

Sunday guests at the home of O. R. Schutte were Mr. and Mrs. Charles Schutte, Sidney McConnell and family, and Charles Keil and family.

Mrs. Loretta Veschoore, teacher at North Buffalo Prairie has been ill for several days, but has returned to duty.

Those who visited at the home of W. H. Robinson Sunday were Henry Fuhr, Jr., and family, Merle Robinson and family, and Mr. and Mrs. Clarence Roberts.

REQUIRE RIGHT TO HIRE OWN VETERINARIANS

Agents of State Must Quit Cedar County, They Stipulate

(Continued from page one)

never surrender our convictions that the present tuberculosis test is wholly unreliable; that it does not protect the public health; that it will never eradicate bovine tuberculosis; that it permits confiscation in the name of law; that it has and will continue to provide meat packages with millions of pounds of good meat at condemned prices and furnish salaries to an army of men at the expense of the taxpayers.

Welcome Reliable Test
We welcome a test for bovine tuberculosis that is absolutely reliable.
We take this occasion to pronounce our emphatic condemnation of the tactics used by Secretary of Agriculture Thorneburg and State Veterinarian Malcom in the enforcement of the so-called "eradication" law. We charge these officials with having consorted with others in directly and flagrantly violating the laws which they were sworn to enforce.
We appeal to the people of Iowa to help us place upon our statute books a law which will not permit confiscation of our property and establish a test which will be reliable, not a mockery in the name of public health.

Suggested by Turner

If the governor agrees to these stipulations, difficult over the cattle testing law will probably be ironed out throughout the entire state. It is understood that these conditions are the same ones suggested by Gov. Turner at the conference in Iowa City Monday afternoon.

The adoption of these resolutions followed a 3-hour mass meeting from which all newspaper reporters were barred. Talks were made by J. W. Lenker of Wilton Junction; Earl McKinnin of Henry county; Paul Moore of West Branch and Charles C. Turner of Cedar county. The Farmer's union. All discussed the situation and their conference with the governor.

That the situation in Cedar county has attracted nation wide attention was indicated by the arrival of a news reel moving picture outfit.

Talk For Newsreel

Mr. McKinnin acting as spokesman for the assembly permitted his picture to be taken while he spoke through the microphone and outlined the stand taken by the group. He declared the present bovine tuberculosis test is unreliable and unfair. He concluded his one-minute talk by saying, "It is a fight of bureaucracy against democracy and we are asking the good people of the world to help us in this battle."

An injunction which will restrain state officials from making tests in Cedar county will be requested by the farmers. Names were secured at the meeting Tuesday.

Injunctions Denied Before
If the injunction is granted, the farmers will be able to hold off attempts to test their cattle, until the Davis bill is passed. An injunction, which Cedar county farmers requested about two years ago, was refused by the district court judge. A similar injunction was refused by Henry county farmers about a month ago.

The cattle testing controversy which has been going on for several years in Cedar county, flared up afresh last March when approximately 140 farmers prevented state veterinarians from reading the results of tests made on cattle owned by William Butterbrodt. On March 5 another group of farmers prevented state officials from making any tests on the Curt Mitchell farm.

Mitchell Is Arrested

Arrests were threatened at the time but none were made until about a week later. Then Mr. Butterbrodt, Mr. Mitchell and Mr. Lenker, all of Cedar county, were taken into custody on charges of refusing to submit their cattle to the tests.

Mitchell is the only man brought to trial so far, however. His case, after going through several changes of venue, was finally heard at St. Louis on March 23. The jury, after an all night argument, reported it was unable to agree, and was dismissed. No retrial has been heard.

Between the time of Mitchell's arrest and his trial, about 100 farmers journeyed to St. Louis to demand that the state legislature hold a hearing on the Davis bill. This bill provides that testing of cattle for tuberculosis shall be optional with the farmers instead of compulsory.

Davis Bill Voted Down
Tuesday, while the farmers were holding their mass meeting at the Butterbrodt farm, a move to bring the bill before the house for a vote was voted down. This means the bill must await the next session of the legislature.

From March 23 until last Tuesday, quiet reigned in Cedar county, although state officials have been in the vicinity of Tipton part of the time.

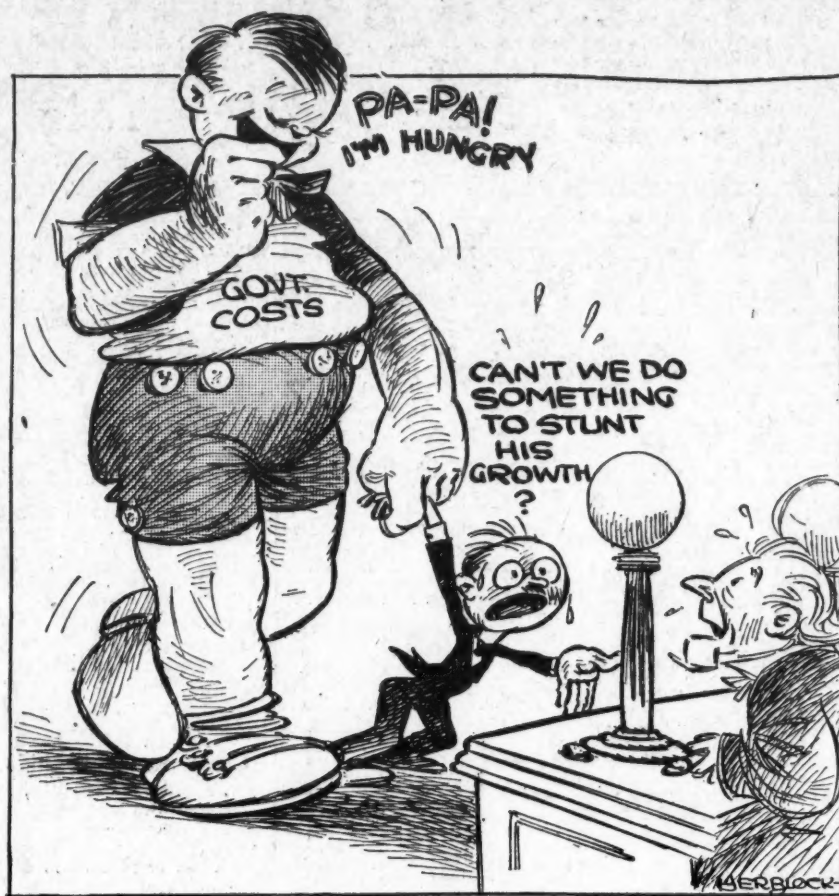

Last Tuesday veterinarian from the state department of agriculture, succeeded in making the test on the cattle belonging to Mr. Mitchell. They were taken from the test on Friday but were permitted to complete the test Monday morning when Governor Turner agreed to meet a committee of farmers from Cedar county, if the tests were read.

Foster Maxson, sheriff of Cedar county, had requested the governor to send the state militia to Tipton, but, although the troops were ordered to be in readiness for departure, none were sent to the Cedar county seat.

TESTERS MEET

Muscatine Men Visit Sessions Held at Washington, Ia.

Lester Ohlsen, Muscatine county cow tester, Carl Rylander, county farm agent, and J. Henry Schaffer, member of the Muscatine board of supervisors, returned Tuesday night from Washington, Ia., where they attended a district meeting sponsored by the Washington county cow test association. More than 130 guests were present at the banquet served at 6:45 p. m. at the United Presbyterian church.

Earl Schubert and Floyd Arnold of the dairy extension service of Iowa State college, Ames, were the main speakers at the conference session. The program, which was planned as a school for cow testers, with officers and other members of the cow test association as guests. "Getting Rid of the Boarder Cows," and "More Buttermilk at Less Cost," were the subjects discussed.

Associations represented at the meeting were from Washington, Lee, Des Moines, Scott, Jefferson, Henry, Muscatine, Johnson, Iowa and Mahaska counties. H. J. Montgomery, Washington county farm bureau agent, was the toastmaster at the evening banquet session. Toasts were given by Mr. Schultz of Ames, H. E. Colby of Oakdale, Albert Miller of Johnson county and B. C. Foster of Wellman.

The conference continued this morning with sessions closing at noon.

Egg Law Opposed By Many Dealers

CLINTON, Ia.—(INS)—Butter and egg dealers of Clinton and Scott counties went on record at a meeting here as opposing the new Iowa law that requires retailers and not farmers to classify and brand their eggs and have forwarded a request to Gov. Dan W. Turner to veto the bill it was revealed today.

State to Continue Fraud Prosecutions

FAIRFIELD, Ia.—(INS)—It was declared by officials today that the 25 men indicated last year with John B. Stever for conspiracy to defraud in connection with Jefferson county cattle deals will be prosecuted by the state regardless of the fact that Stever was acquitted by a jury Saturday.

It is thought likely here, however, that no more of the cases will be tried in the Jefferson county court, but that a change of venue will be sought by the state.

REHEARING OF CASE ASKED BY NORMAN BAKER

Petition Forwarded to State Supreme Court Today

(Continued from Page One.)

and includes "Persons who advertise or sell patent or proprietary medicines." The petition argues that Mr. Baker did not prescribe any medicines at the Baker hospital, but that all prescribing and treating was done by or under the direction of licensed physicians.

State Practicing Medicine?
In the opinion of the Supreme Court, which the petition asks to have the court set aside, the Iowa high court seems to intimate that a corporation or layman cannot own a hospital.

The petition of Mr. Baker cites the fact that the state of their owns the University hospital at Iowa City and takes whatever profits that accrue from the treatments given there, although no pretense is made that the state is a physician or surgeon licensed to practice medicine in the state of Iowa.

The operation of hospitals throughout the state and county by religious orders and by corporations is also cited.

Mentions Newspapers
An unusual argument is injected into the petition when the court's attention is directed to the fact that many newspapers, free permitted to circulate in Iowa, have on their staffs physicians who prescribe for the papers' readers in health columns.

Many of the papers also employ lawyers who attempt to give legal advice in the columns of the papers to readers who write in to the newspaper for such advice.

The petition maintains that the Supreme Court is attempting to set up a revolutionary doctrine by intimating that a layman or a corporation cannot hire physicians to prescribe for the sick.

Baker Not Involved
That no serious attempt is made to claim that Norman Baker ever personally prescribed medicine for anyone or ever treated anyone by surgery, is the assertion made in the petition.

The incidents mentioned in the court's opinion, as relied upon by the State, to show that Baker had treated patients, are discussed at length. These incidents include the claim made that Baker prescribed that Magnus Johnson, a patient, go bareheaded, the petition claiming that this remark, if ever made at all, was merely a casual remark and did not constitute prescribing and furnishing medicine.

Misjoinder Mentioned
At the time the case was filed in district court here, the matter of a misjoinder of parties and causes of action were prominently in the preliminary skirmishes, Judge D. V. Jackson at one time dismissing the state's petition on that ground.

Mr. Baker's petition calls attention to the fact that the evidence shows the five defendants had no control over each other and that there is no showing in the evidence that they ever jointly prescribed or furnished medicine for anyone. The point is made that they all acted separately and that, under the law, they were improperly joined in one action, and the case against Baker should be dismissed.

Postal Telegraph To Start Service For Air Travelers

Arrangements between the Postal telegraph company and five of the country's largest air transport companies making it possible to make reservations for air travel at any Postal office in the country, have been completed it was announced today by the local office.

Beginning about May 1, reservations may be made at Postal offices for travel on planes of Western Air, Inc., Eastern Air Transport, Inc., American Airways, Inc., Western Air Express, and Mid-Continental Air Express.

These companies operate over a network serving practically all the larger cities of the United States, and it is believed this new arrangement will be of great assistance both to the public and aviation companies.
